MISHIRAN GUIDE

TSUTENKAKU MISHIRAN GUIDE

Little Billiken

### 1F TSUTENKAKU's First-ever Ceiling Mural

First, go down to the basement floor connecting to WAKUWAKU LAND!!

To get to the TSUTENKAKU observatory, go down the stairs from the independent entrance to the underground "WAKUWAKU LAND"! Now, it's the beginning of an interesting observation experience.

Come on!

TSUTENKAKU's first-ever ceiling mural has been recreated with the completion of seismic isolation renovations!!

As part of "NEXT 210 (Two-Ten)" initiatives for our future in 210 years, the four supporting pillars of TSUTENKAKU TOWER have been fitted with seismic isolation rubber to improve earthquake resistance. At the same time the renovation work was carried out, this mural ceiling was recreated. The mural is also illuminated at nighttime.

Nighttime Illumination

Awsome!!

## Welcome to TSUTENKAKU TOWER!

"TSUTENKAKU, the symbol of Naniwa" towers over the town of Shinsekai, Osaka. Not just the exterior, but every corner inside the tower has been remodeled. Now it's the hottest spot around, offering excitement every day. Filled with thrills and laughter, enjoy the top of TSUTENKAKU TOWER over and over again.

Have a great time!

### B1F WAKUWAKU LAND

Bringing together antenna shops of major Kansai region food manufacturers, TSUTENKAKU WAKUWAKU LAND has opened, and is being met with resounding popularity every day! What is more, you pass through WAKUWAKU LAND to get to the counter to buy tickets for the TSUTENKAKU Observation Platform.

You can also go to the Golden Observation Platform on the 5th Floor first, but don't forget to visit WAKUWAKU LAND on your way out!

On the 2nd Floor you can get yourself an Official Guide!

### 2F Under Floor (Observation Elevator Hall)

"Kinnikuman Project" Archives Corner

The Kinnikuman generation should not miss it! Re-live the excitement of that righteous hero!

It is the 100th anniversary project of the New World The "Archive Corner" exhibits records and materials of the Kinnikuman Project. The romance of a man is in the air.

Official Shops

Lots of interesting souvenirs!

TSUTENKAKU o-mikuji fortune slips

JAN JAN TOWN

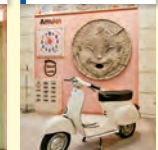

JAN JAN TOWN hilariously recreates the Shinsekai of days gone by.

Passageway to trains

Get off the tubular elevator here and proceed to the observation elevator.

Billiken's "Mouth of Truth"

Promotion Chess Piece

Rub the chess piece as you make a wish-it will come true!

### 3F Top Floor

Diorama Display

Hang on! Now were suddenly travelling 100 years back in time!

This is a permanent exhibition area that is worth seeing. It's like a museum. Exhibits include dioramas, videos, and photographs of the Shinsekai, TSUTENKAKU, and LunaPark (opened in 1912) about 100 years ago. The history of Glico, the history of collaboration between TSUTENKAKU and Glico, and the behind-the-scenes story behind the development of Pocky are also on display.

History of Glico

1 Welcome to TSUTENKAKU TOWER!!

# 112th Anniversary Spirit of Naniwa TSUTENKAKU now & then

Imitated the Arc de Triomphe and the Eiffel Tower in Paris

## Birth of the 1st TSUTENKAKU TOWER

The first TSUTENKAKU, which was built together with Luna Park in 1912, is shaped like the Arc de Triomphe in Paris with the upper half of the Eiffel Tower on top, and is connected to Luna Park by a red ropeway. It was truly a "new world" that fascinated people.

First generation TSUTENKAKU

The height was 75 meters in Japan at the time. Luna Park, which you can enjoy with an entrance fee of 5 sen, was also very crowded. However, in 1943 (Showa 18), the movie theater at my feet caught fire and was demolished, and the original TSUTENKAKU disappeared.

Luna Park full of people

Triggered by local voices to restore TSUTENKAKU

## Birth of the 2nd TSUTENKAKU TOWER

The current second TSUTENKAKU, was rebuilt in 1956. It was 13 years after the first generation disappeared.

In 1954, the board members of the Shinsekai Federation of Towns set up a founding office in response to local voices for the reconstruction of Shinsekai, which had become lonely after the disappearance of TSUTENKAKU, TOWER.

The following year, in 1955, Tsutenkaku Kanko Co., Ltd. was started with investment from local people.

This led to the birth of the second generation.

Second generation TSUTENKAKU

The second TSUTENKAKU TOWER under construction

Increase Your Good Luck with Power Spots!!

# These are Naniwa's Power Spots!!

Luck increased!!

At TSUTENKAKU TOWER, you can enjoy magnificent views while visiting the Eight Deities of Good Fortune on the Golden Observation Platform. Here you can also enjoy exhibition, cafés, and shopping while receiving many blessings. Yes, this is the "Naniwa's Power Spot", known by people in the know. Bring along your special someone and boost your good fortune together! UP! UP!

Billiken-san is also inside the observation elevator to the Observation Platform!

## Finally! The Golden Observation Platform!!

Take the tubular elevator from TSUTENKAKU WAKUWAKU LAND to the Under Floor. The first thing you'll see is the passageway decorated like the inside of a Hankai Tram carriage from the days when the tramway first began operating. Proceed along the passageway past Billiken's "Mouth of Truth" and JAN JAN TOWN to the observation elevator to the 5th Floor.

# 5F Golden Observation Platform

The 3rd-generation Billiken-san is a handsome blond guy! Celebrating the Shinsekai 100th Year Anniversary, Billiken III ascended the throne in the Billiken Shrine on the topmost floor of the TSUTENKAKU TOWER.

What should I wish for?

## Visit the Eight Deities of Good Fortune

Combining Billiken-san and the Seven Deities of Good Fortune, these are the most powerful Eight Deities of Good Fortune possible!

Billiken-san, the Deity of Good Fortune who will grant any wish—business prosperity, examination success, happy marriage, etc.—has been joined by the Seven Deities of Good Fortune, so you can now visit the most powerful Eight Deities of Good Fortune possible!

Everything is gilded and shiny!!

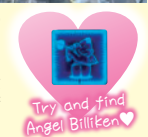

# R5F Special Outdoors Observation Platform: Tembo Paradise

Extra charge

After checking in at the information counter on the 5th floor (separate fee), climb the stairs to go outside. Experience the thrill and excitement. The protruding observatory "TIP THE TSUTENKAKU" has a transparent floor (12m) at the tip. You can enjoy the feeling of floating in the air.

[Opening hours] 10:00 am to 7:50 pm (Last admission 7:30 pm)

# 4F Light Observation Platform

For some reason, Osaka-ites love "sparkly" things. At nighttime, the Light Observation Platform on the 4th Floor transforms into an exiting "Disco-Fever" observation platform with colorful lighting and mirror balls. How about enthusiastically sharing your and everyone's hopes for an invigorated Osaka here on this spectacular observation platform!

Enjoy various lighting patterns!!

# R3F DIVE&WALK

Experience the thrill and exhilaration! An attraction with a panoramic view of Osaka!

After circling the rooftop of the intermediate observatory (26 meters above ground) with an athletic experience, visitors can enjoy a thrilling dive from 40 meters above ground! Diving while looking down on the Shinsekai cityscape will relieve "much" of your accumulated stress.

Extra charge

[Opening hours] 10:00 am to 8:00 pm (Last admission 7:15 pm)

# 3F 2F TOWER SLIDER

When you go up the spiral staircase that goes from the 2nd floor to the 3rd floor, you will find the entrance to the new interactive attraction "TOWER SLIDER". A 60m-long sensory slide that slides from 22m above ground to the first basement floor (-4.5m above ground) in about 10 seconds while going around the perimeter of the EV Tower (with an inclination of about 30 degrees). The slope part uses a stainless steel tube ceiling with excellent weather resistance and a transparent heat-shielding polycarbonate plate.

In addition, there is a service that allows you to download videos of the run from the monitor next to the landing! Come on, let's slide slide and slide while looking up at TSUTENKAKU!!

Extra charge

Download the video from the 2D code.
